I just started looking at Bo's version. I'll use the new and improved Bo/Dan version for my comments (and enjoy Dan and Bo's colors).

A few added thoughts.

Sorry for all the colors and borders. It's easier for my eyes to follow if there's lots of demarcation!

Hi Eleanor,

I tracked changes and also highlighted changed cells with light brown.

Good evening/afternoon, All,

Attached is the EBR checklist for you all to look over and comment on. In case somebody has not done Track Changes in Excel (I don't know too many who have), the first worksheet includes some instructions I wrote out to make it easy to do.

Thanks,
Eleanor
